MY EMAIL ACCOUNT

RESOURCE 1

TIMING :

TIMING : 1 hour (+15 minutes of feedback +10 minutes for planning)

INTRODUCTION :

There is no denying the great influence that new technologies have in our daily lives, nowadays it is practically impossible to live without having an email account, since in order to function in this society at all levels, it is necessary to have an email account.

It will be necessary for your mobile phone to work, you will be asked for it in job offers...

It also fulfills its social task, as it is a new method to keep in touch with friends and family or to receive information on topics that interest you, making online subscriptions, the email account will help you to access many other online applications and projects.

therefore, having an email account will bring to our lives many advantages and benefits. We can open a new window to the internet world through it.

FINAL PRODUCT :

To open an email account.

• OBJECTIVES :

- To open a gmail account.
- To follow practical instructions.
- To perform the tasks as instructed.

Tutorial video, electronic device.

DEVELOPMENT OF THE SESSION :

• Activity 1:

The peer the tutor will begin by giving a brief description of what we are going to do in this session. Up next we will watch the tutorial video of how to open an email account, in gmail.

We will ask our students who has already an account of these characteristics and who does not have it.

We will point out the advantages of having an email nowadays.

20 minutes.

- **Activity 2:**

The students will work in pairs, preferably a student with knowledge of the subject or with an open email will work with a student who has a more limited knowledge of the subject or does not have any email account. Working peer to peer and following the video instructions they will be able to open a gmail account. The students who may already have such an email address, can open another one, which will be used for the work of this program. The video can be played and paused all the times that are needed.

20 minutes

- **Activity 3 :**

When all the students have their gmail account they will create groups , from 3 to 6, and they will exchange their email addresses . When they have the email of all the group members they will move to another to get new addresses and contacts, until all the students have all the email addresses.
