LET'S JOIN AN ONLINE FREE COURSE! ——— RESOURCE 5

TIMING :

1 hour. (+15 minutes of feedback)

INTRODUCTION :

In the next session we will know what mooc is, a website with 3000 free online courses on many fields of knowledge, so we will get to know a more didactic aspect of the internet. With a video tutorial we will learn how to sign up for one of their courses. We will reflect on the benefits and drawbacks of conducting such kind of studies.

FINAL PRODUCT :

To enroll a course in MOOC web.

- **OBJECTIVES :**
- To enroll an online course
- To discover a didactic use of the internet
- To reflect on the advantages and disadvantages online learning can have.
- To find our study areas of interest.

• CONTENTS :

- Reflecting on a topic
- Acting to broaden our knowledge and training.
- Access free training courses.
- Following instructions,

MATERIALS :

video , pen, paper sheet.

DEVELOPMENT OF THE SESSION :

• Activity 1:

The tutor will give a brief explanation of today's activity.

In a discussion group we will talk about the didactic capacity that exists on the internet and the offer that we can benefit from nowadays.

With the following questions we will open the discussion:

- Do you know of websites where you can access free teaching?
- Have you ever followed and completed an online educational program?
- What advantages and benefits do you think you can find in this type of education?
- Do you know what area of knowledge you would like to learn about? .

After the open discussion we will offer to the class all the areas of learning they could join:

- Accounting Courses
- Area Studies Courses (African Studies Courses, Asian Studies Courses, Global Studies...)
- Business and Management Courses
- Chemistry Courses
- Computer Programming Courses
- Computer Programming Frameworks & Packages Courses
- Computer Science Courses
- Creative Arts Courses
- Current Events Courses
- Data Science Courses
- Design Courses
- Education Courses
- Engineering Courses
- Entrepreneurship Courses
- Finance Courses
- Investing Courses
- Language Courses
- Health and Wellness Courses
- Humanities Courses
- Marketing Courses
- Mathematics Courses
- Media Studies Courses
- Physics Courses
- Professional Development Courses
- Software Development Courses
- Social Science Courses
- Statistics Courses

When the students know what their area of interest is, they will form groups accordingly.

30 minutes

Activity 2 :

We will watch the tutorial video, write down the steps to have a support of what we will have to do and then, we will follow the steps to enroll our chosen course! As always, we will be able to pause the video and repeat it as many times as we need to complete our goal! Enjoy your course and see how learning can be a neverending experience! **GOOD LUCK!**
